Game Overview

Party style game where you and your friends take turns moving along a game board playing minigames. Players move around a small board game. Each space has a different function (play a minigame, gain gold, lose gold etc). Players compete in minigames and the winner gains gold. Having the most gold at the end will make you the winner. A mix of both luck and skill is required!

Mini-Games

“Planet Panic!”: Control a spaceship and be the first to land on your planet.Players mash buttons to make their spaceship fly faster. First one to land on the planet wins! Mash the fastest, move the fastest.

“Cake Swipers”:Grab a slice of birthday cake before the other players! Players must use their reflexes to grab the cake as soon as it appears on the table. Press it too early and endure a penalty. First to three points wins. If you press the button too early you will not be able to press it again for 2 seconds. The player with the best reflexes will win.

“Wool Watchers”: Time to count sheep, but don’t fall asleep! Players must count the sheep as they run by. Go over the amount and you lose, closest guess without going over wins! There is more to this game than just counting however. Since you can see what other players are guessing there are some mind games to be played. Will you bet one more higher than your opponents even though you risk losing the game?

“Hopping aliens”: Better hop to it! Players must avoid asteroids and they can’t stop jumping! Last player standing wins! Move left and right in this 2d space and don’t get hit. You can hop on other players heads for more height.

“Hopping Chickens”:Better hop to it! Players must collect bread and they can’t stop jumping! Bounce on each other's head to get an advantage!Move left and right in this 2d space and collect 10 points.

“Space Station Savants”:Watch out for asteroids! Players must avoid asteroids in space by running and jumping around a space station. Last man standing wins. Hop on other player’s heads to gain some extra height. Move around a 3d space as you avoid the obstacles. Last player standing wins!

“Let’s get this bread”: Players must collect bread by running and jumping around. First to 10 bread wins! Bounce off other players heads to gain extra height. Move around a 3d space as you collect bread. First to 10 points wins!

“Comet Crashers”: Push other players off the space station to win. Last player on the station wins. Use momentum to knock players farther. Uses sphere-sphere collision response.

“Farm Frenzy”: Players control pigs stuck on a treadmill. Watch out for incoming cows as you try to stay ahead of your opponents! Last player alive wins. If a cow hits you, you will be knocked back.
